This review leads to the creation and publication of a budget rately portrays the forecasted and contracted operational expenses for the fiscal year. I factors are considered as the budget is prepared, such as recurring posts, inflation, utility usage and rates, insurance rates, and appropriate reserve on (savings) each month to pay for the repair, restoration and/or replacement on area components as needed.

		It of this year's budget review, the Board has determined that an increase of eeded to responsibly meet the association's financial needs in the upcoming				

fiscal year. Please note that effective June 1, 2023, your new monthly assessment will be \$219.00 per month. Increased inflation rates continued in 2022 and into 2023. This has had a significant

impact on LARMAC's recent budgets including the fiscal year 2023-2024 budget, as increased costs of supplies and services are passed through to LARMAC. The primary contributing factors for this year's assessment increase include:

- Reserve Contribution This is LARMAC's "savings" account used to repair, replace, and improve community assets as detailed in the Reserve Study. The monthly contribution will increase from \$32.86 to \$35.17. Recent examples of projects funded by reserves include:
 - o Playground Replacement Project Arroyo Park, Boreal Park, Flintridge Club
 - Asphalt Resurfacing/Repairs Wagsdale and Cox Sports Park (lower lot)
 - o Trail Improvements and Repairs Extensive trail washouts due to heavy rain
 - o Basin Clean Out and Repairs Horno and Arroyo Basins
 - Lighting Replacement Projects
 - Tennis Court LED Lighting Conversion
 - Soccer Lighting Replacement
 - Walkway Lights

- o Landscape Refurbishment/Enhancement Projects
 - Crown Valley/O'Neill Slope and Median
 - Antonio/Benjamin Monument Area
 - Tree Replacement Project Sienna Parkway
 - Acacia Removal/Slope Renovations
 - Flintridge Village Club
 - Boreal Park and Plunge
- Bulk Internet Service The bulk internet service agreement with Cox Communications includes an annual price increase. FY 2023/24 will enter year five of the current agreement, increasing from \$29.79/month to \$32.09/month. This pricing remains well below the current retail rate of \$119.99/month.
- Landscape Budgets for landscape replacement projects have increased due to rising plant prices from local nurseries during the past few years. Labor costs are also on the rise, which impacts landscape and tree maintenance as well as landscape replacement projects.

The Board has also determined that the cost center or SBA assessments must be increased by 19.9%. The monthly cost center or SBA assessment will increase to \$397.00 per month.

Your total assessment (Master + Covenant Hills SBA) will be \$616.00 per month effective June 1, 2023.

The primary contributing factors for this year's cost center or SBA assessment increase include:

 Reserve Contribution - Like the master, this is the "savings" account for Covenant Hills SBA used to repair and/or replace assets as detailed in the Reserve Study. The monthly reserve contribution will increase from \$103.89 to \$170.83 per month. The primary driver of the reserve increase is to fund asphalt repairs/replacement to a sufficient level to properly fund the multi-year asphalt repair project.

Following large reserve contribution increases during the past two years (83.7% increase in 22/23 and 64.4% increase in 23/24), the **current monthly reserve contribution is up to \$170.83**. This is up from a rate of \$56.56 from two years ago. **The updated reserve funding plan includes a more typical 5% annual reserve contribution increase each year for a total of 8 years starting in 2024-2025**. The plan then reflects a large reserve contribution **decrease of 50% in year 9 (2032-2033)** to level out the funding levels. The exhibit below is a section of the updated funding plan which shows the estimated monthly reserve contribution year over year as well as the corresponding percent funded. As you can see from the exhibit below, the percent funded continues to increase each year despite only factoring 5% increases in the monthly contribution each year for the next 8 years. After a large decrease in 2032-2033, the anticipated monthly reserve contribution is estimated at \$130.98 per month and the percent funded is expected to be 88%.

About the Reserve Study

California law requires the association's Board of Directors to "cause to be conducted" a reserve study with an onsite inspection at least once every three years. Although the law does not require the Board to perform a reserve study in years two and three, the law does require an annual disclosure to be distributed to the membership in those years. To ensure that the association's major components are appropriately identified, the Board hires a professional reserve analyst for these services. * The "Executive Summary" in this packet will show whether or not a site inspection was completed this year as determined by the Board.

California law also requires the Board to make these disclosures about the association's reserve funds:

For the Master Association:

1) In the upcoming year, the association will fund reserves using the following sources:

	Type of Funding			
\square	Regular Assessments			
Special Assessments				
	Borrowing			
	Use of Other Assets			
	Deferral of Repairs Alternate Mechanisms			

- 2) The association has a total of \$11,201,893 in actual accumulated reserve funds as of February 28, 2023. The Board anticipates that the amount will increase to \$11,456,126 by the end of the current fiscal year. According to the reserve analyst, the total replacement cost for all major components is \$24,428,912. The current reserve fund amount represents 47% of the projected total replacement cost. Although this number usually seems low, the legislature requires the Board to disclose (in boldface type) how much it would cost the association to rebuild all of its major common area components if they were replaced all at once.
- 3) According to the reserve analyst, at the start of the upcoming fiscal year the association is anticipated to be 73% funded to the "ideal funding level". That number

represents the amount the association is anticipated to have on hand to repair or replace major components when they are scheduled to be repaired or replaced.

4) The Board of Directors has determined to defer or not undertake repairs or replacement of the following major components with a remaining life of 30 years or less (as identified in the reserve study as having zero estimated remaining life):

CA Civil Code §5570

(b) For the purposes of preparing a summary pursuant to this section:

(1) "Estimated remaining useful life" means the time reasonably calculated to remain before a major component will require replacement.

(2) "Major component" has the meaning used in Section 5550. Components with an estimated remaining useful life of more than 30 years may be included in a study as a capital asset or disregarded from the reserve calculation, so long as the decision is revealed in the reserve study report and reported in the Assessment and Reserve Funding Disclosure Summary.

(3) The form set out in subdivision (a) shall accompany each annual budget report or summary thereof that is delivered pursuant to Section 5300. The form may be supplemented or modified to clarify the information delivered, so long as the minimum information set out in subdivision (a) is provided.

(4) For the purpose of the report and summary, the amount of reserves needed to be accumulated for a component at a given time shall be computed as the current cost of replacement or repair multiplied by the number of years the component has been in service divided by the useful life of the component. This shall not be construed to require the board to fund reserves in accordance with this calculation.

The preparer of this form will be indemnified and held harmless against all losses, claims, actions, damages, expenses or liabilities, including reasonable attorneys' fees, to which we may become subject in connection with this engagement, because of any false, misleading or incomplete information which has been relied upon by others, or which may result from any improper use or reliance on the disclosure by you or a third party.

The reserve study report completed and reviewed for the purposes of completing the enclosed summary was finalized based on approval from the Board of Directors. Therefore, the final decisions for implementation, updating or revising the information obtained in this report, for any changes in assumptions, is the sole right and responsibility of the Board of Directors. This report and the numbers generated herein are for use only for the year it was developed. The preparer of this form is not responsible for the use of the Assessment and Reserve Disclosure Summary in any subsequent year, or in updating the summary in any subsequent year, or in updating the summary for events and circumstances occurring after the date of this report.

CA Civil Code §5570

(b) For the purposes of preparing a summary pursuant to this section:

(1) "Estimated remaining useful life" means the time reasonably calculated to remain before a major component will require replacement.

(2) "Major component" has the meaning used in Section 5550. Components with an estimated remaining useful life of more than 30 years may be included in a study as a capital asset or disregarded from the reserve calculation, so long as the decision is revealed in the reserve study report and reported in the Assessment and Reserve Funding Disclosure Summary.

(3) The form set out in subdivision (a) shall accompany each annual budget report or summary thereof that is delivered pursuant to Section 5300. The form may be supplemented or modified to clarify the information delivered, so long as the minimum information set out in subdivision (a) is provided.

(4) For the purpose of the report and summary, the amount of reserves needed to be accumulated for a component at a given time shall be computed as the current cost of replacement or repair multiplied by the number of years the component has been in service divided by the useful life of the component. This shall not be construed to require the board to fund reserves in accordance with this calculation.

The preparer of this form will be indemnified and held harmless against all losses, claims, actions, damages, expenses or liabilities, including reasonable attorneys' fees, to which we may become subject in connection with this engagement, because of any false, misleading or incomplete information which has been relied upon by others, or which may result from any improper use or reliance on the disclosure by you or a third party.

DELINQUENT ASSESSMENT COLLECTION POLICY

Effective: JUNE 2023

Prompt payment of assessments by all owners is critical to the financial health of the Association and to the enhancement of the property values of our Association. Your Board of Directors takes very seriously its obligation under the CC&R's and the California Civil Code to enforce the members' obligation to pay assessments. The Board has adopted this Collection Policy in an effort to discharge that obligation in a fair, consistent, and effective manner. Therefore, pursuant to the CC&R's and Civil Code, the following are the Association's assessment collection practices and policies:

- Regular monthly assessments are due and payable on the 1st day of each month. A courtesy billing statement is sent each month to the billing address on record with the Association. However, it is the owner of record's responsibility to pay each assessment in full each month regardless of whether a statement is received.
- All other assessments, including, but not limited to, Special Assessments, Reimbursement Assessments, Reconstruction Assessments, and Capital Improvement Assessments are due and payable on the date specified by the Board in the notice of assessment.
- Regular monthly assessments and all other assessments (as defined in Paragraph 2) are collectively referred to herein as "Assessments".
- Assessments, late charges, interest and collection costs, including any attorneys' fees, are the personal obligation of the owner of the property at the time the Assessment or other sums are levied.
- Unpaid Assessments are delinquent 15 days after they are due.
- A late charge of \$10.00 or 10%, whichever is greater, will be charged for any Assessment that is not received on or before the 15th day of the month, prior to the close of business.
- Interest on the balance due will accrue at a rate not to exceed 12% per annum; commencing thirty (30) days after the Assessment becomes due.
- At fifteen (15) days past due, the association may invite owner(s) to a hearing for the purpose of revoking membership privileges. Those privileges can include access to common areas or facilities, and/or services paid for by the association.
- When an Assessment becomes more than forty-five (45) days past due, the Association will send a validation notice to the billing address on record with the association. The owner will be charged a fee for the notice, as well as all costs to complete the transmittal of the notice. If an owner writes to dispute the amount owed or to request "original creditor" information within the validation period set forth in the notice, then the Association will cease collection of the debt, or any disputed portion of the debt, until the Association responds appropriately as required by law (see applicable consumer protection laws).
- When an Assessment becomes more than eighty (80) days past due, the Association will send an intent to lien/pre-lien letter to each owner, as required by the Civil Code, by certified mail to the owner's address of record. The owner will be charged a fee for the notice, as well as all costs to complete the transmittal of the letters

- If the owner fails to pay the amounts set forth in the intent to lien/pre-lien letter within 30 days of receipt of that letter, a lien for the amount of any delinquent Assessments, late charges, interest and/or costs of collection, including attorneys' fees, may be recorded against the owner's property. The owner will be charged a fee for the lien, as well as any processing fees, recording service, and costs. A copy of the lien will be sent to each owner at his/her address of record via certified mail within ten (10) days of recordation thereof. After the expiration of thirty (30) days following recordation of the lien, the lien may be enforced in any manner permitted by law.
 - Prior to the recording of a Board authorized lien for delinquent Assessments, an owner that is delinquent has the right to participate in internal dispute resolution ("IDR") pursuant to the "meet and confer" program in accordance with California Civil Code. Prior to recording a lien, the Board of Directors will approve such action by a majority vote of the Board of Directors.
 - Upon receipt of payment in full, that includes any late fees, interest, collection costs and/or attorneys' fees, a Release of Lien will be recorded. Copies of the Release of Lien will be sent to all owners of record. The owner will be charged a fee for the release, as well as any processing fees, recording service, and costs. All county recording fees are charged as applicable and as counties may charge from time to time.
- If an owner is delinquent for thirty (30) additional days after the Notice of Delinquent Assessment (Lien) has been recorded, the Assessment collection matter will be referred to the Association's attorney or collection agent, and the lien may be enforced by judicial or non-judicial foreclosure sale, or by money judgment at the Association's option. An actual foreclosure sale of an owner's property will not be conducted unless or until either: (a) the delinquent assessment amount totals One Thousand, Eight Hundred Dollars (\$1,800) or more, excluding accelerated assessments and specified late charges and/or fees; or (b) the assessments are delinguent for more than twelve (12) months. [You could lose ownership of your property if a foreclosure action is completed. You will be responsible for significant additional fees and costs, including attorneys' fees, if a foreclosure action is commenced against your property.] The decision to foreclose on a lien must be made by a majority of the Board of Directors in an Executive Session meeting and the Board of Directors must record their votes in the Minutes of the next open session Meeting of the Board. The Board must maintain the confidentiality of the delinguent owner(s) by identifying the matter in the Minutes by only the parcel number of the owner's property. Prior to initiating any foreclosure sale on a recorded lien, the Association shall offer delinquent owners the option of participating in IDR or Alternative Dispute Resolution ("ADR").
- Nothing herein limits or otherwise affects the Association's right to proceed in any other lawful manner to collect any delinquent sums owed to the Association.
- The Association will charge a processing fee to the owner for a returned check.
- Any owner who is unable to pay Assessments will be entitled to submit a written request for a payment plan to be considered by the Board of Directors. The Board of Directors is not required to approve a payment plan. If a payment plan is approved, the Board of Directors may establish the terms of the payment plan. A payment plan request or approved payment plan will not impede the Board's ability to vote for and record a lien.

NOTICE ASSESSMENTS AND FORECLOSURE

This notice outlines some of the rights and responsibilities of owners of property in common interest developments and the associations that manage them. Please refer to the sections of the Civil Code indicated for further information. A portion of the information in this notice applies only to liens recorded on or after January 1, 2003. You may wish to consult a lawyer if you dispute an assessment.

ASSESSMENTS AND FORECLOSURE

Assessments become delinquent 15 days after they are due, unless the governing documents provide for a longer time. The failure to pay association assessments may result in the loss of an owner's property through foreclosure. Foreclosure may occur either as a result of a court action, known as judicial foreclosure, or without court action, often referred to as nonjudicial foreclosure. For liens recorded on and after January 1, 2006, an association may not use judicial or nonjudicial foreclosure to enforce that lien if the amount of the delinquent assessments or dues, exclusive of any accelerated assessments, late charges, fees, attorney's fees, interest, and costs of collection, is less than one thousand eight hundred dollars (\$1,800). For delinquent assessments or dues in excess of one thousand eight hundred dollars (\$1,800) or more than 12 months delinquent, an association may use judicial or nonjudicial foreclosure subject to the conditions set forth in Article 3 (commencing with Section 5700) of Chapter 8 of Part 5 of Division 4 of the Civil Code. When using judicial or nonjudicial foreclosure, the association records a lien on the owner's property. The owner's property may be sold to satisfy the lien if the amounts secured by the lien are not paid. (Sections 5700 through 5720 of the Civil Code, inclusive)

In a judicial or nonjudicial foreclosure, the association may recover assessments, reasonable costs of collection, reasonable attorney's fees, late charges, and interest. The association may not use nonjudicial foreclosure to collect fines or penalties, except for costs to repair common area damaged by a member or a member's guests, if the governing documents provide for this. (Section 5725 of the Civil Code)

The association must comply with the requirements of Article 2 (commencing with Section 5650) of Chapter 8 of Part 5 of Division 4 of the Civil Code when collecting delinquent assessments. If the association fails to follow these requirements, it may not record a lien on the owner's property until it has satisfied those requirements. Any additional costs that result from satisfying the requirements are the responsibility of the association. (Section 5675 of the Civil Code)

At least 30 days prior to recording a lien on an owner's separate interest, the association must provide the owner of record with certain documents by certified mail, including a description of its collection and lien enforcement procedures and the method of calculating the amount. It must also provide an itemized statement of the charges owed by the owner. An owner has a right to review the association's records to verify the debt. (Section 5660 of the Civil Code)

If a lien is recorded against an owner's property in error, the person who recorded the lien is required to record a lien release within 21 days, and to provide an owner certain documents in this regard. (Section 5685 of the Civil Code)

The collection practices of the association may be governed by state and federal laws regarding fair debt collection. Penalties can be imposed for debt collection practices that violate these laws.

PAYMENTS

When an owner makes a payment, the owner may request a receipt, and the association is required to provide it. On the receipt, the association must indicate the date of payment and the person who received it. The association must inform owners of a mailing address for overnight payments. (Section 5655 of the Civil Code)

An owner may, but is not obligated to, pay under protest any disputed charge or sum levied by the association, including, but not limited to, an assessment, fine, penalty, late fee, collection cost, or monetary penalty imposed as a disciplinary measure, and by so doing, specifically reserve the right to contest the disputed charge or sum in court or otherwise.

An owner may dispute an assessment debt by submitting a written request for dispute resolution to the association as set forth in Article 2 (commencing with Section 5900) of Chapter 10 of Part 5 of Division 4 of the Civil Code. In addition, an association may not initiate a foreclosure without participating in alternative dispute resolution with a neutral third party as set forth in Article 3 (commencing with Section 5925) of Chapter 10 of Part 5 of Division 4 of the Civil Code, if so requested by the owner. Binding arbitration shall not be available if the association intends to initiate a judicial foreclosure.

An owner is not liable for charges, interest, and costs of collection, if it is established that the assessment was paid properly on time. (Section 5685 of the Civil Code)

MEETINGS AND PAYMENT PLANS

An owner of a separate interest that is not a time-share interest may request the association to consider a payment plan to satisfy a delinquent assessment. The association must inform owners of the standards for payment plans, if any exists. (Section 5665 of the Civil Code)

The board must meet with an owner who makes a proper written request for a meeting to discuss a payment plan when the owner has received a notice of a delinquent assessment. These payment plans must conform to the payment plan standards of the association, if they exist. (Section 5665 of the Civil Code).

ASSIGNMENT OF RENTS

In the event that the Association files any action against an Owner for unpaid Assessments on Owner's Unit, and said Unit is or becomes rented or leased at any time during the pendency of the action, the Association shall have the right, upon ex parte notice and application, to request that the Court order Owner to assign all rents due from the renter/lessor of said Unit to the Association until such time as all Assessment delinquencies are cured.

(3) Preliminary or temporary injunctive relief is necessary.

(b) Failure to file a certificate pursuant to subdivision (a) is grounds for a demurrer or a motion to strike unless the court finds that dismissal of the action for failure to comply with this article would result in substantial prejudice to one of the parties.

5955. (a) After an enforcement action is commenced, on written stipulation of the parties, the matter may be referred to alternative dispute resolution. The referred action is stayed. During the stay, the action is not subject to the rules implementing subdivision (c) of Section 68603 of the Government Code.
